# PASSION & SUCCESS.

02

## WE ARE KOMPERDELL

EVER SINCE OUR COMPANY HAS BEEN FOUNDED – 90 YEARS AGO – 100 % OF ALL KOMPERDELL POLES HAVE BEEN PRODUCED IN AUSTRIA.  
THIS GUARANTEES TOP QUALITY AS WELL AS CONSISTENCY.

## POLES

## EVER SINCE 1922 WE HAVE BEEN AUSTRIA'S NR.1 POLE BRAND

- ★ NEW for the coming season: we offer you a **3-year warranty repair – service – free of charge** - for all **KOMPERDELL TREKKING & TOURING TELESKOPIC POLES**.

## PROTECTORS

© Zlu Haller

## WE ARE THE NR.1 WHERE PROTECTORS ARE CONCERNED

- ★ **We are leading in the field of protectors.** Innovative technologies, new constructions – like our brand-new Ballistic Airshock FLEX vest – set new standards.
- ★ **Since years we are setting trends - often copied, never reached!**
- ★ **We are serial test winners of multiple tests!**

## GLOVES

## THE WORLD'S 1<sup>st</sup> SEAMLESS GLOVES

- ★ **A fantastic sports glove – without any frills – but an extra warm lining.** The **seamless bonding manufacturing** of the product makes it a success story.

## UNDERWEAR

## FUNCTIONAL SPORTS UNDERWEAR

- ★ **Best materials made of modern hi-tech fibers with RAPID-DRY FUNCTION** guarantee ultimate comfort, they are warm and soft, they regulate humidity and neutralize odours.

**F**OR **91** YEARS

WE HAVE FOCUSED ON BEING A TRUST-WORTHY PARTNER FOR YOU.

**M**ORE THAN **200** MEMBERS OF OUR TEAM

WORK HARD, STRIVE FOR NEW IDEAS AND TECHNOLOGIES IN ORDER TO INCREASE THE COMFORT AND QUALITY OF OUR PRODUCTS FOR YOU.

**MORE THAN**

**1.000.000** SATISFIED CUSTOMERS

PROVE US TO BE RIGHT.

# RACING WORLD CUP.

**YOUR 3<sup>rd</sup> SKI**  
It's supposed to function – besides protecting the skier's hands – as a means to support the gliding on the slope and the chamfered edges make it easier.

**HIGHLIGHT  
MODEL**

**THERMOFORM  
PROTECTION NEW**

## HOW TO APPLY THERMO-MOLDING:

- ★ The shinguards are made of a material which can be molded under heat and will adapt perfectly to the individual contour of the leg, the result is a perfect fit.
- ★ You put on the shinguard, heat it with a blow-drier then secure it firmly to your leg e.g. with a tape and let it cool off.
- ★ The advantages are: 100 % fit, no pressure marks, better control and excellent transmission of power.

**THERMOFORM SHINGUARD**

★ Our thermo-molding technology allows us to individually customize the new KOMPERDELL shinguard to each racer.

## KICK START

### OFF THE WRIST!

WIN BY THAT CRUCIAL 10<sup>TH</sup> OF A SECOND

#### NORDIC RACE STRAP

ergonomical cut provides better transmission of power & pole control for maximum freedom of movement

#### OPTIMAL COMFORT

due to the 5-layer laminate the nordic race strap offers without border frictionless running with or without gloves

in addition the strap is extra breathable & extremely hardwearing

**HIGHLIGHT

# PURE GENIUS. BRILLIANT.

For years we have been serial winners of multiple tests. For more than 10 years we have engaged ourselves in the problems of safety – in motorsports, wintersports and mountaineering – and the development has reached a very high level. No wonder we have won so many awards.

Our longterm cooperation with leading brands of the motorbike industry led to a tremendously valuable know-how in the field of safety and protective means. It makes us proud to be considered the leading authority today when it comes to protectors for, skiers, snow boarders, motorcyclists and equestrians.

**KOMPERDELL stands for reliability, safety & quality – MADE IN AUSTRIA.**

# GLOVES

## SEAMLESS BONDING.

### THE MATERIAL

Seamless Bonding Gloves are made of highly elastic 3 or 4-layer material; the outside is a top-quality elastic nylon material. The middle layer is a membrane making the glove wind- and waterproof as well as breathable and the layer next to the skin makes it comfortable and warm.

### NO STITCHING

The materials are joint by hot-welding that makes them at 100 % wind- and waterproof.

Seamless Bonding Tape

gluing of edges

# THE 1<sup>ST</sup> SEAMLESS GLOVE

## MATERIAL

- ★ 4- & 3-LAYER MATERIAL
- ★ Due to the intelligent set-up of the different layers KOMPERDELL gloves rank among the **WARMEST, MOST BREATHABLE** and **ELASTIC GLOVES ON THE MARKET.**

## TECHNOLOGY

- ★ **SEAMLESS BONDING TECHNOLOGY**
- ★ No pressure- or scratching marks on your skin; ultimate comfort and excellent grip

## MEMBRANE

- ★ Just like nature: the fir-cone principle
- ★ The membrane opens up when it's warm and becomes breathable, it closes when it's cold and stores the heat. **KOMPERDELL IS QUALITY & INNOVATION MADE IN AUSTRIA.**

## SIZE CHART

circumference of the hand	US-sizes	size
7.09"	6	XS
7.48"	7	S
7.87"	8	M
8.27"	9	L
8.66"	10	XL
9.06"	11	XXL

**WATERPROOF**  
waterproof tapes protect against water entry - the hands stay dry

**100 % COMFORTABLE GRIP**  
the first glove with which people who like to feel the subject they are touching, will be able to enjoy this feeling
